Synopsis

• You are mine. I am yours. And it's going to be like that for the rest of our lives. • Taken at age eight, Grace Salva withstood torture and pain. Silent for nearly ten years, she is yet to find her voice again when a one night's chaos allows her to escape only to end up in the strong arms of a dangerously beautiful Alpha. From the moment James sees her, both the wolf and the man are keen to claim her. But James knows better, he needs to convince her that he is nothing like the savage rogues that exploited her, he has to gain Grace's trust, and for him to do that, he needs to know more about her. But how hard can it be to hear and understand her silence? Scared and untrusting at first, Grace finally learns what it means to be the mate of her strapping yet gentle savior while battling with her own insecurities and fear of the new normal that is completely different from the horrifying life she once lived. James gives Grace more than a sanctuary for her to heal her wounds and recover; he has given her a home, hope, and a chance to start anew. But in his pursuit to uncover Grace's mystery, will James push too far and bring back a painful past and lead her to the very monster who tormented his mate? Love this book so much! I couldn't put it down!

I loved this book!! I am not typically a reader but I couldn't put the book down, I finished it in 2 days. I hope this is a series, I want to know more about James & Luna and their lives together. Their romance is once in a lifetime.

Kindle UnlimitedWarning: Pick a trigger ... any trigger. (Book and possibly review)Normally, I would just pass on rating and reviewing a book when I don't personally like where an author takes a story. But I would have really appreciated it if someone would have at least hinted at the abuse level.Pardon the spoilers. A little girl is abused by an aunt. The aunt finally has rogue wolves kidnap her so her son can become pack alpha. The rogues are supposed to kill the child but they torture, rape, keep her in an undersized cell, and starve her. Graphic, detailed, descriptions. She escapes after 10 years and is found by her mate. She's so growth stunted that her wolf is dormant and shifting could kill her. Her alpha cousin, Dante, shows up and she is invited to her old pack to reunite with her family. Although Dante knows what his mother did, there's no security and Aunt Molly walks right up and stabs her with a kitchen knife. So much for her Luna guard, protection detail, and concerned cousin. Aunt Molly is supposed to be in a cell. Of course, on the day Grace is supposed to be returning to her new pack, she's totally alone in the pack house common area where one of her rogue captors has walked right in, chloroforms her, abducts her (no one notices - including her linked mate), and takes her where a totally free Molly is waiting to take another shot at killing her. Again, so much for her Luna guard, protection detail, and pack security. This time Grace is so injured her wolf dies completely, she'll never shift, and there's an almost total memory wipe. But it's okay 'cause James loves her, still has his mate and she can still make alpha babies. And Dante is such a great alpha... SAY WHAT?!?!?! He let her get stabbed and abducted in the pack house. He let Molly escape. Aunt Molly might, or might not have been killed, but she totally got her son made alpha and succeeded in neutralizing and brutalizing Grace.Forget the huge plot holes,

this just left me feeling really crappy. Dang! I wish I could unread this book.

I enjoy a heart wrenching and heart breaking tale of loss and love! And especially when a great love is found through it all. However the ending in book left me a little disappointed but this book definitely a good read!
