Customer Reviews

These are extremely easy readers, my son's first actually. He just turned 5 and though we've had them for a few months, he's just now getting really into them and working on reading them. They do progress in order. Books 11 & 12 are much more difficult to read than books 1 & 2. He's extremely confident and is so excited he can read the first few books by himself. This set is perfect for my Thomas loving son! Would recommend.

This little Thomas phonic book set is so cute. It comes with little books that have easy sight words and great beginner phonic words. We have this set in addition to the Paw Patrol, Tonka construction and another one I can't think of.. But this brand is great for reading with ages 3 and up. I started reading these with my 3 year old and he memorizes the words after one or two times. Nice quality and they all come in a little box to keep organized.

Amazing set of books Kindergarten site words.

Excellent Quality and Superior Service

I bought these for my 2 year old son. He loves the pictures. I read them with lots of excitement, so even though they are VERY simple, he enjoys them.

Great for teaching child to read! Unfortunately we are missing book #3.

Thank You!

My toddler loves these !!!
