Another great book in this series. I love the honest way Melanie Wilber discusses teenage issues and how to invite God into them. It is very realistic, honest and a great read. I'm in my 30s and decided to read this series to review it for a youth group I am in! I know several girls I'll be buying a copy for!!

This was a genuine christian book. I would recommend this book to 13 year-olds because the things Brianne is going through is what every other teenager will be going through at some point.

God shows his love in many ways. He loves you and you can see it through other people his llove is powerful.There are no dislikes about this book and I think it's absolutely great.I would recommend this book for ages: 11-14I hope you enjoy this book as much as I do it has lots of bible verses that you should look out for every day of your life.P.S. To the readers who have and are reading or read this book always remember that God is good and he created you so when you wake up in the morning thank God for his love and for waking you up to enjoy another day take some of that time to worship him and even if your busy say a quick prayer he will listen also remember that God's love for you is bigger and better remember that always.
