Social Work: An Empowering Profession (8th Edition) (Connecting Core Competencies)

Synopsis

Applies the empowerment perspective to the Social Work profession. Social Work: An Empowering Profession, 8/e introduces the social work profession and interweaves contemporary themes of strength, human rights, and social justices. In addition, this title details the empowerment-oriented roles of the social worker as consultant, resource manager, and educator.

Connecting Core Competencies series -- Each chapter highlights the core competencies and practice behavior examples found in the Educational Policy and Accreditation Standards (EPAS) set by the Council on Social Work Education (CSWE). Critical thinking questions throughout reinforces these connections.

Learning Goals Upon completing this book, readers will be able to:

Understand the Social Work Profession. Apply principles of empowerment to various fields of social work practice. Apply critical thinking skills to case scenarios presented throughout the text. Analyze issues faced by clients using a human right and social frame. Examine personal perspectives and biases.

Brenda DuBois, MSW,LCSW, Ph.D. is Professor of Social Work at St. Ambrose University, Davenport, Iowa. She has been a graduate and undergraduate social work educator in Iowa for thirty-three years. Professor DuBois received her masters degree in social work in 1977 at the University of Iowa and a doctorate in educational administration from Illinois State University in

2002. She has extensive social work practice and consultation experience in public welfare, community planning, organizational development, and program evaluation. Dr. DuBois serves as a member on a number of community agency initiatives, ethics committees, and as a board member to agencies in the Quad Cities. She has published several articles on ethics and empowerment and has co-authored two social work texts on empowerment in social work: *Social Work: An Empowering Profession* with Karla Miley and *Generalist Social Work Practice: An Empowering Approach* with Karla Miley and Michael O'Neil. Karla Miley, MSW, LSW is Professor Emerita, Black Hawk College, Moline, Illinois. She has been a graduate and undergraduate social work educator in Illinois and Iowa for thirty years. Professor Miley received her masters degree in social work in 1966 at the University of Chicago, School of Social Service Administration. She has extensive social work practice and consultation experience in school social work, health care, child welfare, and aging services. Professor Miley has served as a member on a number of community agency initiatives and boards. She has published several articles on ethics and empowerment and has co-authored two social work texts on empowerment in social work: *Social Work: An Empowering Profession* with Brenda DuBois and *Generalist Social Work Practice: An Empowering Approach* with Brenda DuBois and Michael O'Neil.

This textbook is phenomenal. I rented the Kindle version for an Introduction to Social Work 2000 level class. I find the material coverage to be written in an approachable language, the graphics and charts contain great information in a digestible format that lends clarity and illumination to the text, and the practice examples are relatable and practical. I also like that the text clearly points out which practices are being emphasized, section by section, throughout each chapter, with an up-front summary at the beginning of each chapter (the intro page). This is probably the best text that lends structure to something that was previous a bit ambiguous that I have experienced in any sort of class in the humanities and social sciences. I despised my Sociology text and my Western Civilization texts from previous semesters. The sociology text was dry and uninteresting (and I have a very open mind!), and the Western Civ text was very biased and patronizing and condescending. But for any student pursuing the study of social work, I would encourage you to search your class sections to find one using this text. It's so good I am going to buy my copy to keep on hand for reference.

I rented this textbook for Social Work 101 - Intro to Social Welfare & Social Work. It was pretty boring. I frequently had to fight to stay awake when reading this book! Perhaps it was the readability

of the text itself? Laid out in dual columns per page with light, almost grey font on very thin pages I found it very taxing to read. Maybe the e-text book is better (if there is one)? One nice thing about the book is that at the end of each chapter there is a review quiz to make sure that you were paying attention and absorbed the information. Overall, I really wish that my professor had chosen something else as I'm sure that there are better options for textbooks out there.

as expected.

needed it for class

Came in good condition

probably one of the best textbooks i've actually read. i did not like the price, but it was worth it. I think this is an excellent book for the social work profession and that everyone going into the profession should read it- even if you have to share it because of the cost. overall well done.

I just received the book, and bottom seems to have been water damaged previously. Just informing you because I don't want to get charged for something I didn't do!

Product was exactly what I expected and received in a timely manner.
