Rapture: The End-Times Error That Leaves The Bible Behind

Synopsis

Author David Currie grew up convinced that one day all true Christians will suddenly be snatched up to heaven. The unfortunate souls left behind by this "rapture" will endure seven horrible years of tribulation, at the end of which Christ will return to earth for a glorious thousand-year reign. Today, millions accept this end-times theology, assuming — as Currie did — that the Bible clearly teaches it. Many plan their lives around it. But, after studying Scripture for decades, Currie has come to see that accepting the Bible means rejecting the rapture. In this remarkable book — the world's most careful and thorough scriptural study of the rapture — Currie demonstrates why. He considers all the relevant verses (there are hundreds!) and examines them in the light of ancient history, the writings of the earliest Christians, and the claims of the rapturist theologians. With painstaking thoroughness, he unlocks the meanings of key biblical prophecies that culminate in Christ's Messianic Kingdom— including those verses in Daniel, Matthew, and Revelation that rapturists turn to most. Marshaling evidence as startling as it is compelling, Currie argues that these prophecies of war and tribulation don't point to some still-unrealized apocalyptic future. Rather, most of them were fulfilled long ago: the spiritual, priestly Kingdom prefigured in the Old Testament was inaugurated on Calvary, consummated in 70 A.D. with the destruction of the Temple, and continues to exist today...the Catholic Church! That surprise you. Yet, as Currie shows, it's the only conclusion that fits all the scriptural and historical evidence. Rapture: The End-Times Error that Leaves the Bible Behind makes Scripture, prophecy, and history come alive; and it demonstrates that if you open your Bible, you'll find that God's plan for the future of the world is not filled with darkness and disaster, but with light, mercy, and hope.

Author David Currie grew up convinced that one day all true Christians will suddenly be snatched up to heaven. The unfortunate souls left behind by this "rapture" will endure seven horrible years of tribulation, at the end of which Christ will return to earth for a glorious thousand-year reign. Today, millions of Christians accept this end-times theology, assuming as Currie did -- that the Bible clearly teaches it. Many plan their whole lives around it. But, after studying Scripture for decades, Currie has come to see that if you accept the Bible, you have to reject the rapture. In these remarkable pages which constitute the world's most careful and thorough scriptural study of the rapture Currie demonstrates why. He considers all the relevant verses (and there are hundreds!) and examines them in the light of ancient history, the writings of the earliest Christians, and the claims of rapturist theologians. With painstaking thoroughness, he unlocks the meanings of the key biblical prophecies that culminate in Christ's Messianic Kingdom including those verses in Daniel, Matthew, and Revelation that rapturists turn to most. Marshalling evidence that's as startling as it is compelling, Currie argues that these prophecies of war and tribulation don't point to some still-unrealized apocalyptic future. Rather, most of them were fulfilled long ago: the spiritual, priestly Kingdom prefigured in the Old Testament was inaugurated on Calvary, consummated in 70 A.D. with the destruction of the Temple, and continues to exist today . . . in the Catholic Church! That may surprise you. Yet, shows Currie, it's the only conclusion that fits all the scriptural and historical evidence. Rapture: The End-Times Error That Leaves the Bible Behind makes Scripture, prophecy, and history come alive; and it demonstrates that if you open your Bible, you'll find that God's plan for the future of the world is not filled with darkness and disaster, but with light, mercy, and hope.

David B. Currie is a former Fundamentalist missionary whose deep study of the Bible led him into the Catholic Church. He is a popular speaker and author of *Born Fundamentalist, Born Again Catholic*.

This is a book many will reject out of hand. But if they stay with it, it will open their eyes with regard to many passages' meaning beyond that usually accepted today, particularly by evangelicals. Although the idea of the rapture and future Great Tribulation at endtimes is only 200 years old, it is now firmly entrenched in the faith of many. This book informs us of what the EARLY Church thought

of that and Daniel's "70 weeks." There is so many anti-Catholic bigotry today, so many such rants on the internet displaying total ignorance of the Catholic Church, that it would be much good if everyone had to read and PONDER it. It would be good for their very souls to be delivered from the hatred I see in these polemics.

Very well written, non-academic style. The author offers over 1,300 verses that show the flaws in the belief of "Rapture." The author was a fundamentalist preacher of the "Rapture" for years. Then he started to see the holes. So he tried to prove the belief or disprove the belief for himself. This issue and others led the author to seek out the Catholic Church. The author shows no disrespect to any persons who believe in the Rapture. He just shows why the belief is flawed. I was curious on why so many people believe in the Rapture and so many do not. In this search, I side with the author. Decide for yourself. This book will help you do it.

Easy to understand and plainly written book about the very complex subject of Premillennialism and the rapture. Takes the reader step by step through the Covenantal position of the second coming of Christ. Even though it is written from a Catholic viewpoint it loses none of the truth about the traditionally held position of the early Apostolic and Reformed Protestant church. A good book to pass on about end time events.

This excellent Scriptural analysis by Mr. Currie explores the most difficult and puzzling books of the Bible - Daniel and Revelation. In educated and consistent form, Mr. Currie systematically explains the background, intention and meaning of these powerful prophecies and thankfully dispels the many false interpretations of the Tribulation, the 70 weeks of Daniel and the judgments described in the Apocalypse. Many, many people today are caught up in fear-based interpretations of these prophetic books. Misguided preachers have woven a seemingly endless variety of future prophetic systems that only create more questions than they answer. By referring to early Church teachings and the historic events of the years 0 AD - 70 AD, Mr. Currie successfully unveils the meaning of much of what Jesus referred to in Matthew chapters 24 and 25. We are given a solid explanation of these important prophecies of Jesus and the impact they had on the ancient world both during and after His time on earth. I highly recommend this work by Mr. Currie to help the reader sort out the truth from the speculations, the meanings from the wizardry that, unfortunately, false teachers use to their advantage, especially in these disturbing times we live in. Let the reader be clear that this book explains the long-held, authoritative understanding of the topics explored and as constantly

preached throughout the ages by the Catholic Church.

This book will deepen the knowledge and faith of any Catholic. I got much more from this book than I expected. Besides doing a masterful job of refuting rapturists, the author gives a great and detailed account of the lamb's supper at Mass and a deep appreciation of what it means to be catholic.

This book is awesome. It helped me to understand the historical nature of the Book of Revelation and the meaning that it has for the future. Fr Pilcher

Excellent Book a must read for Catholics and other christian faiths Learn the Truth and it will set you free

Good in depth study of the "original" understanding of the End Times. Especially helpful in revealing how the modern day rapture viewpoint developed.
