# Next In Blacksmithing: Over 30 Projects To Make

## Synopsis

This book offers the blacksmith projects to build for demonstrations at fairs, tractor shows, re-enactor meets, and farmer markets. There is something for the beginner and the advanced blacksmith. What is the most fun for me is teaching the children. I have included items for them to watch and participate in. Older folks seem to enjoy it all.

## Book Information

Paperback: 112 pages

Publisher: CreateSpace Independent Publishing Platform (December 2, 2014)

Language: English

ISBN-10: 1500229490

ISBN-13: 978-1500229498

Shipping Weight: 7.8 ounces (View shipping rates and policies)

Average Customer Review: 3.7 out of 5 stars 10 customer reviews

Best Sellers Rank: #290,604 in Books (See Top 100 in Books) #156 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Metal Work](#)

## Customer Reviews

You always need some new small projects for when you are starting out blacksmith. here is a good place to start.

Great book. I enjoyed reading it. I'm looking forward to making a few of the projects.

Not what I expected. Photography of projects is poor.

Another amateur book production with some useful information, but overall, lacking any inspiration!

Quick easy read with some good information and some nice simple projects to make in your shop, but could use better proof reader.

IT has given me more ideas on what i can make and improve my salesmanship ?

The book was a little bit more basic than I anticipated.

v.g.
