Relation Of The Mineral Salts Of The Body To The Signs Of The Zodiac

Synopsis

2013 Reprint of 1930 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. George Washington Carey (1845-1924) was an American physician known for a number of 1910s 'Chemistry of Life' publications, a subject which he referred to as biochemistry, particularly his 1919 "The Chemistry of Human Life". Carey combined a mixture of religion, astrology, physiology, anatomy, and chemistry, themed particularly with a mineral-based theory of human disease, to develop his theories. Carey is popular among the new-age and homeopathic circles. In the context of a person viewed as a "human molecule", Carey was the first to state that a person's body is a "chemical formula in operation." This title is the first part: "Relation of the Mineral Salts of the Body to the Signs of the Zodiac", of this classic and later publication; "The Zodiac and the Salts of Salvation." With the renewed interest in homeopathy, increased study of astrology and the entrance of the Aquarian Age, this book has gained more importance. It is an attempt to answer all the questions regarding the cell salts.

Book Information

Paperback: 46 pages

Customer Reviews

George W. Carey was Professor of Government, Georgetown University. --This text refers to an alternate Paperback edition.

Stars for the idea, the info, my interests in it. Wonderful and fascinating ideology, but I had a very hard time deciphering the linguistics here. Perhaps it's just me, but not only was the wording foreign,

it was like side notes or something. There wasn't any real body (just limbs[or fingers for that matter])
LOL It was almost as if it were just bits of thoughts written by someone in a foreign language. But,
again, it might just be my ignorance idk I really wanted this book to provoke life-changing thinking
:(

Excellent work in assisting one to understand the minerals of life which can balance or alleviate
symptoms. Excellent esoteric information for those willing to take the time to study the implications
of the work and how it applies to one's life.

I had wonderful experience , very good information and explain all 12 cell salts . I got all his books
and I just love them for opening so much knowledge which bring me to whole another
understanding of the bible and salts connection ! Thank you / it change my life for better :)!

I like.....funny these messages have been preached for some time and their finding them to be
true and trying to take credit like its something new..

VERY short book. Good information, not detailed at all though. Would've been better if the author
had gone into much much more detail about the minerals under the signs.

I must say that i am deeply intrigued but one can not just stop at this book, i read this book in 4
times in 30mins!!! One can not just stop at this book alone, you must read up on Alchemy as well.
It'll all come together as you add more sources of wisdom to your library but this is definately a book
to get a person started in Alchemy.My message to all is; "Always keep an open mind" and make a
conscious effort to try to understand the philosophy behind it all, just because it is not what you are
used to please do not dismiss, this is a decent intro to Alchemy..

Totally love this book!
