The Little Free Library Book (Books In Action)

Synopsis

"The Little Free Library is a terrific example of placing books—poetry included—within reach of people in the course of their everyday lives. Free is always a good thing, and the project has a nice give-and-take feel to it. Here's hoping we bump into literature when we turn the next corner—before we have time to resist!"—Billy Collins"Take a book. Return a book." In 2009, Todd Bol built the first Little Free Library as a memorial to his mom. Five years later, this simple idea to promote literacy and encourage community has become a movement. Little Free Libraries—freestanding front-yard book exchanges—now number twenty thousand in seventy countries. The Little Free Library Book tells the history of these charming libraries, gathers quirky and poignant firsthand stories from owners, provides a resource guide for how to best use your Little Free Library, and delights readers with color images of the most creative and inspired LFLs around. Margret Aldrich is a freelance writer and editor. Her articles have appeared in the Utne Reader, Experience Life!, and elsewhere. She lives in Minneapolis, Minnesota, with her family.

Customer Reviews

“The Little Free Library Book, a 200-page hardcover published by Minneapolis-based Coffee House Press and written by Twin Cities author Margret Aldrich, explains the history and the philosophy of LFL creator Todd Bol, stories of stewards around the world, tips for starting and

curating a Little Library, building plans and 350 color photos of the most creative libraries. —Pioneer Press;The Little Free Library Book is both an entertaining read and an inspiring one. Aldrich writes with a clear, journalistic ease. The prose is informative but shot through with an obvious affection for her subject. —Star Tribune;[The Little Free Library Book] is the definitive guide to a phenomenon. —MinnPost" In April, Coffee House Press in Minneapolis will publish The Little Free Library Book, a book that documents library owners from all over the world." —Chicago Tribune;Both primer and inspiration, a history & a guide for how to get involved" —Los Angeles Times;A charming book. —Isthmus;[Margret Aldrich] profiles Little Free Libraries with distinct creative flair and the citizen librarians behind them. —The Capital Times"The Little Free Library Book, is something entirely unique and exciting to read. . . . The Little Free Library Book has pictures galore for inspiration, how-to instructions for those looking to start their own LFL, and first hand experiences from Aldrich herself, as well as from founder Todd Bol, and from LFL stewards around the world. —Hazel & Wren;Bol's grassroots story and those of many Little Free Library caretakers are told in Margret Aldrich's delightful new book, The Little Free Library Book —SF Gate;A beautiful coffee table book. —Book Riot"Stewards across the globe can be found within the [Little Free Library Book's] pages, along with helpful how-to's for any question you can conjure, professional blueprints for building your own LFL, and photos of some of the coolest Libraries around." —Loft;Say what you will about the current state of American society, we've still got some small pockets of democratic beauty around our country. —Secrets of the City;The organization is also celebrating the launch of the The Little Free Library Book, which highlights the people behind the movement, written by Minneapolis-based author and Little Free Library steward Margaret Aldrich. —Bring Me The News;Now that movement has its own book chronicling the history of the idea, along with a collection of unusual and poignant firsthand stories from owners, and a resource guide for how to get the most out of your own Little Free Library. There are also a plethora of photos of unique and inspired Little Free Libraries to spark your creative juices." —L'etoile;Book Riot contributor Margret Aldrich's The Little Free Library Book, available for preorder, comes out from Coffee House Press. Isn't the cover beautiful? I need this book! —Book Riot"Lovers of books and libraries will adore this title, as will readers interested in folk art or successful grassroots movements. Be warned, Little Free Libraries are sure to spring up wherever this book is available." —Library Journal, *starred

review*#147;The Little Free Library Book is a colorful book that's nearly as charming as the tiny libraries themselves. It's Isthmus#147;Twenty-five thousand Little Free Libraries later, there's a handy coffee table book, The Little Free Library Book, that details some 300 colorful examples and blueprints for building your own. Milwaukee Magazine#147;Margret Aldrich chronicles the movement that began in 2009 with the simple concept of "take a book, return a book" in The Little Free Library Book, which includes photos, helpful how-tos, and professional blueprints. Experience Life Magazine#147;Well-conceived and delightfully accessible . . . It's not a simple story, but Aldrich captures its idiosyncratic contours simply by telling the stories of stewards from around the world. It's Public Art Review#147;The Little Free Library Book offers a wonderful collection of stories and pictures of Libraries around the world; why people got involved and how they have benefited. It also offers tips for builders, sponsors, organizers and users, and other projects that capitalize on the same values that make Little Free Libraries so successful. Little Observationist#147;[The Little Free Library Book] has wonderful photos, tells the history of the idea, and gives you some ideas to create your own little free library. Observationist – “[The Little Free Library Book] has wonderful photos, tells the history of the idea, and gives you some ideas to create your own little free library.” – Tales from an Open Book

Margret Aldrich is a freelance writer and editor. Her articles have appeared in the Utne Reader, Experience Life!, and elsewhere. She lives in Minneapolis with her family.

BEST BOOK EVER! I am a steward for a Little Free Library and was so excited when I saw this book was being published! I ordered it as soon as it was available for pre-order and from that moment on, I counted the days until I would receive it just like I count down for birthdays and Christmas! (I am willing to admit I am a "mature" (over 65) female). Actually, my family got tired of me yammering on about how great it was going to be. It more than met my expectations! It is a quality book with quality paper. The photography is wonderful! I expected it to be more of a coffee-table book with mostly pictures and I would have loved it as much if that had been the case. I was pleasantly surprised that it was more than just a coffee-table book. It is jam-packed with inspiring personal stories from other stewards, lots of "mini" pictures of other Little Free Libraries and a complete history of this fantastic Little Free Library movement. It was fun seeing what inspired others and I am in awe of the many creative Little Free Library other stewards have made. My personal library contains about 2,000 "real" books and the majority live on a shelf in my library. This one most definitely gets a place of honor in my living room. This book will put a smile on your face and will warm your heart!

This book is a compendium of little free libraries and how to make them and keep them going. Very interesting, giving information about how the idea started and what a bunch of them look like. Chapter 2 is titled, "Get Started. Launching a Little Free Library." Many testimonials about how the libraries started and how it is going. Chapter 6, "Make it Work," is a bit about the challenges that some book stewards have had. Interesting reading and inspirational!

Beautiful photos of Little Free Libraries in the world. I am a new LFL steward; this is a great visual to encourage others how to get started.

Everything you need to know about this great movement to promote reading in your neighborhood. Creative ideas and fun photos.

Gave this as a gift. She loved it. Lots of information about Little Free Libraries around the world, and it came sooner than expected.

Absolutely love this book about spreading a love of reading, books, recycling, sharing, and building community!

The book is very well put together with the information needed to make, decorate, and install the Little Library.

Very informative and interesting to see what others are constructing.
