These books had excellent vocals and had different voices for each character. This is something that sets it above other audiobooks is that I felt like I could get attached to the character because

they were unique. One downside was that the tracks were randomly split, so it was hard to determine what chapter you were on because the tracks did not correspond with the chapters.

Love it! I was listening while driving to the race track. I was soooo hooked by the time I got there, I didn't want to get out of the car. Almost missed my son's race because I was so enthralled and taken in by the stories. It's crazy how quickly I arrived at my destination while listening to these stories. Thank you. Just what I was looking for. Arrived on time and in perfect condition.

The book was great but the last disk does not work so it can't be finished. This was a Christmas Gift and it was not listened to until recently. So the return window is closed. Very disappointed!

I wanted some books on tape to help me on a long car drive - I thought these were mysteries and the themes were so dark I couldn't listen to 2 of them. The computer spying on the woman didn't really hold my interest - sort of boring.

I am still enjoying these novellas but they are not my favorite of Dean Koontz. I have enjoyed everything I have read by him, but these stories did not live up to his dog stories. They are good though.

These are definitely not Dean Koontz best. I give 2 stars for the story and 1 star for the narrator. Narrators were awful. Odd Thomas was so much better than these.

Sorry, can't fill in more details. I did really like it though.

I drive 40 minutes to work and 40 minutes home each day so these audio cd's really make my drive nicer! Dean Koontz is my favorite!
