The Feasts Of The Lord: God's Prophetic Calendar From Calvary To The Kingdom

Synopsis

Israel's feasts are infinitely more important than just a series of cultural observances. These feasts are appointed by the Lord, and they are owned by the Lord. He calls them "my feasts." Together they form God's prophetic calendar, outlining the work of history's most important person...Jesus, the Messiah. As such, few themes are more timely or rewarding for God's people today. The Feasts of the Lord covers all aspects of the biblical feasts...historical background, biblical observance, and prophetic significance. Yet, this book is not just another reference book on the feasts. It is written from the Hebrew Christian viewpoint, helping you to see the feasts through Jewish eyes. The words of the Savior, His messianic claims, and Bible prophecy will all take on a rich, new relevance for you against the exciting backdrop of The Feasts of the Lord.

One of my favorite books, needing replacement due to having "loaned out" my original copy. It is in excellent condition and was signed by Marvin Rosenthal soon after it was published. Marvin Rosenthal explores the Old Testament Feasts of the Lord as prophecy, some of which have been fulfilled literally on the observed feasts, such as Jesus, the perfect Lamb of God being sacrificed on the feast of Passover just as the Passover lamb was being sacrificed; His resurrection on the feast of First Fruits; The coming of the Holy Spirit upon the church on the feast of Pentecost (aka Weeks). Based on these fulfilled prophecies, Rosenthal comments on the remaining Feasts of the Lord to be fulfilled in the future.

Oh wow ..amazed what I've missed in Scripture.I love it. Would love to teach in Sunday School. I feel he was cleAR on what WAS ordered by Jehovah and what and why later Jews added things. No judgement,I stead showed how it pi tires to cross,to eternity. If I had funds,I'd buy for all ppl I know..

Great book.it explains the feast of the lord and their connections to Jesus Christ.How he was buried on Passover and in the Grave on unleavened bread and arose on first fruits.How the holy spirit came on Pentecost and how the rapture will be on feast of trumpets.

I am involved in a Ladies Bible Study at my church ... having finished a year & a half study of the Book of Hebrews, we began a study of Leviticus & this book was mentioned as a good reference book ~ it is small but mighty, a veritable treasure-trove. Every page is filled with much information & wisdom, plainly spoken with amazing colored pictures in diagram form such as the Passover table, with all items named & explained! Seems the object of this book is to offer to anyone interested, Jew or Gentile, how God has laid out the requirements of His Feasts and how they are a shadow of the coming of Jesus. The seller was a true professional ~ my book was carefully packaged, arriving w/o a scratch. The honesty of the seller in the description, pricing, cost of shipping, speed of delivery are reflections of this seller's professionalism. I highly recommend senyahofjax & will return the next time I need a book.

Besides the Bible, this is my favorite Christian book. As a Christian, it gave me a better understanding the Feasts of the Lord, how He wants them to be celebrated and when, and God's plan for his chosen and adopted people. The book is beautifully presented and easy to read. I first purchased this book in 2000. After reading it, I loaned it to so many people that it is totally worn out. I refer to it often and have purchased it for several friends and recommended it to many more. It is so attractively styled that it makes a great gift for a pastor, Bible teacher, or any lay person. My only regret is that it's not available on Kindle so I can have it available on my laptop and smartphone.

Gives me a better understanding of the Jewish roots of my Catholic background.

Very interesting and informative.

This is an excellent book on the Lord's Feasts. I was totally ignorant of this subject, but after

studying this I was able to use it to teach two classes on the subject. It is so very clear, beautifully illustrated and extremely well organized, besides being written in such an interesting format.
