Beautiful Paper Flowers: Elegant - And Easy To Make - Blossoms

Synopsis

Crepe paper flowers are simple to craft yet stunning to behold, whether in a keepsake corsage, beautiful bouquet, or a stylish centerpiece. Using this all-in-one kit, complete with crepe paper, wire, floral tape, and an illustrated project book, make nine exquisite types of blossoms and up to 24 fabulous flowers. Beautiful Paper Flowers includes: 24 sheets of multi-hued crepe paper * floral wire * green floral tape * 24 stamens * Making Paper Flowers, a 64-page illustrated project book with templates for nine lifelike blossoms plus various leaf designs. Designs include: Basic Rose; Dahlias Three Ways: Water Lily Style, Cactus Style, and Round Style; Frilly Carnation; Pretty Peony; Eye-Popping Poppy; Precious Anemone; and Springtime Daffodil.

Customer Reviews

Laurie Cinotto is a crafter and DIY project designer. You can find out all about the things she makes at her blog and online portfolio, La La Laurie: lalalaurie.com. She shares her life with her husband, two permanent resident cats, and a steady stream of foster kittens. Follow the lives of their adorable wards by visiting The Itty Bitty Kitty Committee: TheIttyBittyKittyCommittee.com. She was born and raised in Iowa, but has called the Pacific Northwest her home for over a decade and a half.

Pros: Good illustrations and templates. Good explanations. All in all, I'd say the book is helpful. The flowers won't fool you into thinking they're natural, but they're more realistic than some paper flowers. I consider the book worthwhile as an instruction book. Cons: As has been mentioned by

several other reviewers, the paper is not the kind discussed in the book. Nor is its texture similar to that of flower petals. I can't see it being satisfactory for making paper flowers at all. I'd opt for getting the book, minus the extras. There are good tips in the book. Too bad the kit didn't supply the proper materials to go with them.

Very disappointed. The instructions are clear enough, but first and foremost the paper is NOT actual crepe paper. Seems somewhat pointless to buy a kit that doesn't have the same materials as pictured in the book and on the packaging. It defeats the purpose of buying a kit if the materials included are not what is needed to construct the projects that are illustrated.

This is a beginners kit. If you have never made paper flowers before, this kit is for you. It comes with some materials to get started and that is helpful. There is a nice variety of paper flowers to make, but they look like paper flowers. I really like Livia Cetti's book better. I have been making paper flowers for a while now and I am more into the real flower look.

Just received and LOVE it. The box is lovely and the paper beautiful. Would like to have more of the paper. The price is also reasonable. Nothing negative from my standpoint. Also delivery service was first rate. By the way I am difficult to please.

The paper that comes with this kit is not crepe paper (as pictured throughout the book) and cannot be used to make the flowers represented in the book. The floral tape that came with my kit did not adhere to itself at all and the flowers that I created with it fell apart because the tape came unwrapped. The tape appeared to be very old.

Comes with all the things needed to make the flowers listed. The only problem is when making the flowers, floral tape is not sufficient for wrapping the paper around the wire. Working on another solution, and also trying some more to make sure it isn't just me. Beautiful book though, with lots of different designs and good for the beginner.

I'm not sure what paper everyone else got but I got crepe paper in my kit. Which is perfect for making flowers. It's not too stiff to bend and crease but is still stiff enough to not too easily. Instructions are easy to follow. I'm looking forward to make the flowers. However I did want something that was more correct on the structure of real flowers.

I ordered the hardcover version and received a box with a very thin paperback inside. The supplies included are an OK-starter kit for practicing with. Maybe a nice gift for a beginner or an older child. Disappointed.
