Maui Travel Guide: Experience The Best Places To Stay, Eat, Drink, Hike, Bike, Beach, Surf, Snorkel, And Discover In Maui Hawaii - (Things To Do In Maui)

Synopsis

If you're ready to explore Maui, skipping the tourist traps and hitting only the best of what this beautiful location has to offer, then this book is for you! Read on your PC, Mac, smart phone, tablet, or Kindle device. Technically speaking, Maui is not a single island, but a collection of multiple islands which include Lanaâ™i, Kahoâ™olawe, Molokaâ™i, and Penguin Bank (now underwater). There are no big cities in Maui; rather everyone lives in small towns, the biggest being Kahului, which hosts the island's main airport and commercial hub. The biggest draw to Maui, however, is the smaller town of Lahaina and the Lahaina Harbor where gentle waves provide the ideal location for beginners to learn the ancient sport of former Hawaiian kings: Surfing. Once the capital of the former Kingdom of Hawaii, Lahaina is still crammed with historic colonial architecture and plenty of art. No matter what you're heading to Hawaii to find, whether it's relaxation or adventure, I can assure you that Maui won't disappoint. Whether youâ™re a nature freak, a surfing buff, a culture vulture in search of historical tidbits, or the more cosmopolitan type whoâ™s into shopping or sophisticated nightlife, Maui definitely has plenty to offer! Here Is A Preview Of What You'll Learn... Best Times to Go Getting to Know the Micro-Climates Traveling to Maui from the US Mainland The Best Budget Accommodations The Best Places to Eat and Drink The Best Biking Trails The Best Beaches Much, much more! Customer Reviews

I have heard how beautiful this country is but by reading this book entirely made me realized that it is worth your time to travel. Here in this book you will find images that speak how wonderful, gorgeous, exciting and fun is Maui. In my mind this guide deserves the 5 star rating because of its length and depth of coverage as a travel guide. I say this because most travel guide's give you basic information and perhaps some history on the place your visiting, but this goes further and does its best to help you in the planning stages as well. By reading this book you will have a much better idea of the country your visiting and hopefully will have more confidence when you finally do travel there. What this book will do for you is help you plan your trip confidently and allow yourself for a much more stress free relax vacation to Maui. I love traveling and Maui was one of the 'wish' destination now I think I will definitely travel to Maui and with the help of this book to discover its hidden treasures. A great travel inspiration.

It's a brief travel guide about Maui. It explains the type of weather you'll most likely encounter when you go there on a particular month. It also has recommendations for hotels and places to stay, what to do, beaches to go to and how to go there. It's a shorter version of a typical travel guide meant to help readers like me who wants to know more about their travel destination but has no time to read long books about it. It's short but I was able to get a lot from it but it would have been better if there were pictures to help us choose which is better place to stay or which beach is more appealing. It's still better to see it that just have it described to you.

If so, save your money, this publication is worthless. First travel guide I have ever seen that doesn't contain a single picture or map. Do you really need to learn how to get there from the mainland? The only outdoor activities (which is what Maui is all about) addressed in these 25 pages of drivel poorly gathered from the internet are few beaches and bike trails. Disappointing in every way.

I am planning to travel to Maui one of this month this year with my family and I am the one who is in charge about the guide in Maui. I researched for a guide book about Maui and I found this book. I enjoyed reading this book and got so much excitement while reading this book. I am sure they will

like this when I told them about this. This book is too short for a guide but it is helpful for me.

The guide was very thin and only lists a few hotels and restaurants. There are no pictures, maps, or outdoor activities other than bike trails listed. I didn't really need to know how to get from the mainland to the island, that was a complete waste of space. I don't understand how anybody rated this flimsy book higher than one star. Don't waste your money, I now am ordering the Fodor's guide which I should have done in the first place.

I bought this book for my mother which is my simple gift for her 50th birthday. She sounds like quite an adventurous woman. She loved to travel. She is excited when I gave it to her. And she likes it so much. For me, I would like to recommend this MAUI TRAVEL GUIDE as a reference book.

Well-detailed book. Very informative and interesting, as well. Worth reading! Looking forward to reading more books from Jonathan.

Didn't find this terrifically good, unfortunately. But, we did love Maui!

This is a really good travel guide to get the most out of a trip to Maui. Jonathan Saito reveals the history of Maui which I found to be really interesting to learn about how Maui became to be what we all know it as now. Also learning the best seasons to go is very helpful as I want to make sure I go when it's really beautiful but not too busy.
