Customer Reviews

It is ridiculous that thinks we should pay for something that their customer service should be happy to provide for free.

This author describes most unlimited books as crap and he is correct, including this book. It simply states the obvious. Most unlimited books are offered by illiterates with profuse grammar and spelling errors and shamelessly padded content. While this book has its share, it is somewhat better in that

respect. However, the sum of this book is it telling you to push the cancel button in your account to cancel your account. Not too insightful, enjoy!

"Easy does it!", as they say. Only three steps. That's easy enough to keep in our memory. The screen shots are a big help.

This gave me all the info I needed to cancel my kindle unlimited account. I would recommend it. The price made it worth while

The book made it easy to cancel my monthly subscription. However this app is making it difficult to get out of this book. That part is very frustrating.

Easy to follow and easy to do to get this accomplished. Thanks for the help. Been trying to cancel this.

Instructions take less than 1 minute to complete

Would have never found this link without this book. Cancellation was buried in the full site . Saving over 100 a yr now
