Average Customer Review: 4.7 out of 5 stars 19 customer reviews

Best Sellers Rank: #335,120 in Books (See Top 100 in Books) #15 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Spinning #8748 in Books > Politics & Social Sciences > Sociology

Customer Reviews

Great pictures and references for the beginner. Bought for my 8 year old who is really interested and she learned quickly the different spinning methods and the tools used. Not a lot of depth, but a great books for those just getting their feet wet.

Best book ever for teaching yourself to spin. Tells you the WHY as well as the HOW.

This book seems to cover just about everything a beginning spinner would need to know. It is a safe buy.

Excellent condition....exactly what I expected

Condition of book was better than expected

Very helpful and inspiring

I did not find this book as helpful as I had expected to. I guess if I was using a wheel, it would be

better. But the instructions for using a hand spindle were pretty sketchy, I thought.

Hands on Spinning Lee Raven 1987 softcover 120 pages Contents Introduction Getting started spinning on the hooked stock speeding it up - using the hand spindle processing your first yarn spinning wheel spinning on the wheel fiber preparations drafting and spinning techniques plying yarn finishing storing your wool and yarn the end and the beginning appendix index projects
