Day Drinking: 50 Cocktails For A Mellow Buzz

Synopsis

When the occasion calls for a drink, but not for getting drunk, mix up a batch of day drinks—low-alcohol cocktails that are festive, mouthwateringly delicious, and light on the booze. From brunch with friends to bridal showers and barbecues, from tailgates to snow days to afternoons hanging out on the beach, just about any daytime social occasion is greatly improved by a drink. And these 50 creative cocktails are just the thing. Using beer, wine, sake, sherry, and vermouth, plus a variety of amari and other flavorful liqueurs like St-Germain, Campari, and Aperol, the cocktails (and mocktails!) of Day Drinking are easy to make and easy on the alcohol content. Here are light drinks for hot days, warm drinks for cool days, and an abundance of classic—and reimagined—low-proof spritzers, sangrias, micheladas, and so much more.

a fun read

I went to a demo w/Kat Odell, put on at the, Pebble Beach Food & Wine Festival. I loved what she made, The Floating Flower, The Regents Royal & the Jerezana. I loved them all & enjoyed her pro-tips that I bought a copy there for myself & then ordered 4 more copies b/c I knew my mother & some friends who would love this book!

Day Drinking: 50 Cocktails for a Mellow Buzz by Kat Odell et. al. is a free NetGalley ebook that I read in early April. The author Odell sets the stage with an in-depth, yet inviting posh 1970s deco atmosphere with a bar tools & accessory glossary and a brief overview of ingredients, before going into the recipes....that are presented and recommended mostly by bartenders from different regions of the U.S. It's somewhat dizzying and creates an odd mix of styles.

I bought this book for a day-time party I was throwing. The drinks tasted great and had the perfect amount of alcohol in them. This book is perfect for making drinks that give you a buzz, but still let you to continue on with your day and not fall asleep at 8pm. I would recommend this book to anyone

looking for an interesting cocktail recipe book, who likes to get their buzz on and not embarrass themselves by getting too drunk.

Perfect gift for a friend, recipes look easy to make!

it's okay, not amazing but there are some good drink recipes on there.

You would have to have a not so mellow buzz to buy this book.

Not much here so save your money and just do an internet search for recipes. Was hoping for more mocktail suggestions and recipes to make more than one serving at a time.
