I was thrilled to buy this book for an upcoming cruise. I used the daily deal and ordered several without using the "look inside" feature. I've used DK printed books for years. This edition is not the same as the book. There are significantly fewer photographs, maps, figures. I enjoy browsing the photographs to decide where to focus my attentions. You can't do that with this book. I think that it is misleading of the publisher/ to use the same cover on both the print edition and the Kindle edition. I also think that the text description of the Kindle edition should clearly note that the printed book is not the same as this edition. will refund my money, which I appreciate.

This little travel book is packed with the most important information you'll need on a visit to the Greek Islands. My wife and I referred to it constantly on both Santorini and Mykonos, and, especially since we had only three days to see both islands, it really enhanced our experience. We even got our own photo in Oia on Santorini, very much like the cover photo. Small and light enough to be easily carried in a purse or a very light, over-the-shoulder travel bag, this valuable little book is one of the renowned Eyewitness "Top 10" travel guide series. Wherever we travel, we're not without our terrific Eyewitness guides.

Very nice book about Greek Islands. We are planning a trip in September and this has great maps, photos and details to plan easily.

Trivial book. It was not organized in a way that would be helpful, given that we weren't going to hop

from one island to another just in order to get the best dinner or the best sightseeing or best shopping. The guide would not have helped to plan a trip, and it was definitely not helpful to take on a cruise, as we did with it, whose itinerary would stop at a couple of the Greek islands.

We always loved printed Eyewitness guides for their nice illustrations and design. The kindle version, however, looks very plain, almost bare text.

I'm giving this 1 star so that I can say what a poorly- organized book this is. This book is a scrambled mess.

Great information that was organized!

My husband and I may refer to other guide books when planning a trip, but we ALWAYS use the D&K books with every trip we plan. It is also the guide book we take with us as it gives times of openings for museums, good to fine restaurants, tours and so many other details that we like.
