Car Talk Classics: The Pinkwater Files

Synopsis

The hands-down highlight of many a Car Talk episode, Daniel Pinkwater is responsible for some of the all-time greatest moments of the program's storied history on public radio. Whether discussing man's best friend (but worst passenger) or searching for the perfect vehicle for those who are "horizontally challenged", Pinkwater keeps Tom and Ray in stitches along with the show's far-flung audience. The latest time-wasting Car Talk collection features the official designation of the Pinkwater seating standard, the strange case of the motorhead boyfriend, the presentation of the first Car Talk Peace Prize, Stump the Chumps, a puzzler from the Lying Used Car Salesman series, a stirring recitation from a BMW owner's manual, a discussion of puking pooches, and more. It's four perfectly good hours of laughter and conversation.

Customer Reviews

I have all of the previous Car Talk cds, and they just about all have repeats from other cds. There was only one track on all of the cds in this collection that I had previously heard (an exchange with Daniel Pinkwater), so this was a real treat, and of course, very entertaining!

Who doesn't love danile Pinkwater combined with Tom and Ray. Classic humor.

can't wait to listen to it.

I love Car Talk. Have been listening for many years.

LOL hilarious. I recommend this CD for any CarTalk fans. I've listened on and off for years and the humor ages well.

My husband liked it but the sound is horrible. We were constantly messing with the volume while listening to it on a trip.

Always love the Cartalk guys. I had a very good experience with this item. What could be bad about listening to the hilarious Click and Clack

Not their best, but certainly good. I have most all of their cd's and they make the travel miles go by
