Customer Reviews

I do not know how good this product is because I sent it to our grandson in China, but have not heard anything negative, so assume it is okay. The book came in time for me to send it to China for Christmas so I was very pleased with the service.

I really like hockey, and it gave me a feeling for every goal made against them and by them; like you were actually on the ice. I had a lot of fun reading this book. The characters seemed real. Tristan, age 12. Note from his dad: I did not read the book, but it sure held my son's attention, and this is a young person who really likes sports and DOES not like to read.
