Look At Me! (New Baby)

Synopsis

The bond between a new baby and its sibling is always special and uniquely rewarding. Sometimes, however, it is difficult to adapt to the baby's wants and needs! A new addition to any family is exciting, but the experience can also be worrying and confusing for siblings. Coping with the new situations and emotions that arise can be very challenging. This series of four board books deals with the anticipation of waiting for the new baby, the excitement of the arrival itself, and the beginnings of the special relationship that develops between siblings. The simple conversational text and lively illustrations are carefully designed to encourage further dialogue between reader and child.

Customer Reviews

"These four books in the New Baby series are just right for toddlers awaiting and adjusting to the birth of a new sibling. They cover pregnancy, welcoming the baby, and learning to play and live together. ... The multiracial families are always smiling and gentle. Colorful artwork fills each page. The writing is clear, conversational, and full of common situations." School Library Journal 20110401 --School Library Journal

"The New Baby series from Child's Play is spot on accurate. ... watercolors and graphite or grease pencil outlines are friendly and exuberant." Readertotz blog

Excellent for showing toddler all the great things they can do as a "big sibling". Kids are 22 months apart and helps the older understand/feel special about being the big sister. Love that the kids are gender neutral so can be boys or girls, sisters or brothers depending on the situation.

I bought all four books in this series for my 24 month old daughter. We are expecting a second baby in February. She loves these books! I also really like that the children depicted are gender neutral looking, so a boy or girl child can easily relate to the pictures.

I thought this book would be too boring to hold my daughter's attention, but she seems to like it. It's mostly a sentence or two per page, a child commenting on daily life with a sibling.

Just ok- based on the reviews, I was hoping for more. I bought this for a 3 year old adjusting to a new sibling & it was just a silly book about a toddler. Wasn't helpful

Bigger and more amazing than expected! I love it! This is going to make the perfect gift for the new baby.

I hope this helps with the division of free time. It will help the older child understand that babies can't wait like the big girl she is.

Cute book, wording is a little strange.

We bought this book for our son who was becoming a big brother. He liked the book and now that his little brother is here, he sees the characters in the book and knows 'who they are' in our family.
