Customer Reviews

Absolutely inspiring! It's not just great for my kids, there are great reminders for me to be a better person and continue to dream big dreams, be kind, be a leader and take responsibility!

Excellent information. However, this book as a log of blank page space as each page offers a philosophical paragraph or two in large print that seldom fills a good many pages. To condense the text would make it a handout rather than an actual book.

This book is good for reading to a 8 year old or up it talks about many things that you will go through in life.

Short, easy to read words of wisdom.

Excellent thoughtful and motivational book for high school aged young people to read.

Great book for all parents to read!
