Zambia, 5th (Bradt Travel Guide Zambia)

Synopsis

Zambia is one of the best destinations in Africa for walking and river safaris, hot springs, and waterfalls. This fifth, fully updated edition leads visitors through all the prime attractionsâ ”set in their historical and environmental contextâ ”from the newly declared Ngonye Falls National Park, through the Sioma Ngwezi National Park to the famous Luangwa Park, host to several unique species and an ideal place for leopard-spotting. It includes advice for the independent traveller: how to bush camp in comfort, survival techniques for canoe encounters with hippos or crocodiles as well as guidance on all-terrain driving. With detailed reviews of lodges, hotels and campsites, plus 51 maps and GPS coordinates, Bradt's Zambia is the essential travel companion for anyone going to this under-explored safari destination.

Best travel guide to Zambia you will find any where. The updated version is coming in 2016 so hold out for it if you can as there have been a number of changes in Zambia over the past 5 years (mostly good :))

Helped me to decide where I wanted to go in South Africa and surrounding countries.

Provided some good history but I did not have a chance to use it much.

good travel guide much, much better than LP. surprisingly good sectional maps. hopefully more updated version comes out soon.

Excellent read. Full of useful details. Zambia is not a popular destination yet the book covers all essentials: from weather patterns to social customs. A true must-have guide. Highly recommended.

Great book on Zambia! Lots of info and detailed descriptions without being too bulky. I was exclusively a LP travel book person, but have come around on the Bradt guides especially for Africa.

The book was bought to plan and prepare for my upcoming trip to Zambia. I can't say how accurate it is, but it does contain the information I was looking for. And I am sure every entry has been checked and rechecked.

good guidebook to help prepare for our upcoming Zambian safari..
