## Customer Reviews

I bought 2, one for a friend and he commented he thought it was o.k. but he was a little disappointed as he has lived in Colorado and Idaho and he was hoping for more I guess -- I haven't had the chance to look at it yet -- Jim Keller -- I may rate it better, who knows -- Jim Keller

Arrived on time and in good condtion as promised. My friend and I are getting ready for a road trip in Sept.....to Idaho, Montana and Wyoming...this is great for our trip....plus we are heading to South Dakota, Minn., Iowa and ILL. Would recomend dealer and book..

I guess I hoped for more information about what each are would be like. It was okay but not the best.

i thought this book was an excellent primer...i was able to gain an understanding of each area of the states covered: what each has to offer sporting-wise, weather-wise, lodging- and food-wise. of course it is not as in depth as a single state guide book would be, but for those of us looking to explore all three, it provided a solid foundation from which to begin charting our course. enjoyable

writing, as well. i had never read 'travel smart' books...getting another today because i was so pleased.
