Frank Nielsen is a self-described "ocean nut" born in Bountiful, Utah. He learned to love watersports while a teenager, when his family was posted to Beirut. Later he earned a Bachelor of Science in Ocean Engineering and worked for the U.S. Navy until 2000, when he became a full-time cartographer and map publisher.

The Franko's maps of the Hawaiian Islands take up little space, are made of waterproof material, and provide not only a good map of the area, but also highlights some of the favorite things to see or do on the islands. I have most of the maps that include: The Hawaiian Islands, Oahu Guide Map, Oahu Dive Map, Maui Guide Map, Maui Dive Map, Hawaii Guide Map, Kauai Guide Map and Kauai Dive Map. Six of the maps were available from .com with free shipping, but two had to be purchased from independent vendors on and charged a small shipping fee. For the few dollars I paid, it was well worth it to have a great map that folds up and takes little space in my suitcase. Once I get to a particular island, I take it with me to know where I'm going and where I've been. Bring along a

Sharpie pen to mark the places you've been or want to return. The back side of the map has a blown up area of popular places, for example, Oahu has Waikiki Beach and the placement of hotels and landmarks. I highly recommend these maps for getting around the islands.

Its called "Dive map of Maui" but really it should be "Dive Map of Lanai". There is detailed info here on dive sites on Lanai, Molokini and even Molokai, but this guy skips all the shore dives on the actual island of Maui. Rename your map or update it with dive sites that are accessible on the island of Maui.

I wanted a map for my upcoming Maui trip so I wouldn't be completely dependent on electronic maps & gps. Thought this would be nice for the fun information along with the textile back-up of roadways. Exactly what I wanted.

Great Map, used it for shore dives and snorkeling with my family on our most recent trip. It was great for surfing as well, and being able to identify some of the lesser known breaks and their conditions. Just kept the map in a plastic bag with the rest of our gear the whole trip, and it looks like it could survive a few more at least.

Franko's dive maps are very helpful for shore diving as well as boat diving sites. We have the one for the big island too.

The map gives information on each beach and the type it is. It was very helpful for us, as some of the beaches are not on the tourist brochures. We used it in our planning for snorkeling using this map.

Great map if you're looking for amazing snorkeling locations too. Both Maui and Kauai maps are great. Would definitely recommend this map.

As described. Shipped quickly. Great seller. Thank you!
