Stylish Weddings For Less: How To Plan Your Dream Wedding On A Budget

Synopsis

With the average cost of a wedding in the U.S. approaching \$28,000, many couples are eager to find ways to cut back, particularly in these tough economic times. Who needs to say "I do" to a mountain of debt? Yet, considering the emotions and expectations that come with planning the big day, it's easy to succumb to inflated wedding pricing and spend beyond your budget. But you can have that fabulous, once-in-a-lifetime wedding - the type you've always dreamed of - without breaking the bank. *Stylish Weddings for Less* by Catherine Sabino will show you how! From finding that knock-out gown at a fraction of its original cost, classy wedding invitations, rings, flowers, and bridesmaids' gowns at reduced costs, to creative ways to save on wedding cakes and reception menu strategies, to locating incredible reception sites at affordable prices, the book offers hundreds of ideas and solutions! It will also reveal how experts get the best deals on photography, transportation and even on honeymoon travel. In an easy-to-reference format, *Stylish Weddings for Less* is sure to be an indispensable resource for anyone looking to tie the knot with cost-conscious flair and style.

Customer Reviews

Catherine Sabino has been editor in chief of several lifestyle publications, Vice President of Forbes Special Interest Publications, and worked in Italy for Harper's Bazaar and other Italian magazines.

This had some ideas, but i didn't find much use in it. I read it once and never looked at it again during the planning process. Nothing in this that you can't find online.

perfect

This book has glossy pages full of pictures. The pages have 2-3 pictures on each page, with text around the pictures. The style is a lot like a magazine. The beginning of the book has five profiles about different couples who spent various amounts on their weddings. After the profiles, the book is broken down into sections about how to save money on various aspects of the wedding, like the dress, the food, the venue, etc. I love the pictures in this book. Also, the beginning of the book analyzes different lower-budget weddings to see how much they spent and on which items they spent. I think that the tips are pretty good. I mostly like the profiles at the beginning of the book and the pictures.

As the mother of two brides-to-be, I found this book to be more useful than every magazine, book and website I've scoured. Useful not only in providing well-organized, practical information on breaking down the categories into manageable chunks, but also in providing the most lovely visuals with tempting ideas. My girls and I grew up in New York City where we pride ourselves on being in-the-know and also have, admittedly, expensive tastes. Providing two weddings (one very laid back, the other sophisticated, down-town) on tight budgets and high expectations is still proving difficult, but this book has really helped me find great alternatives to what we initially envisioned, and also gave me things to consider I hadn't read elsewhere. For example, one daughter wants a beach wedding with her 100 best friends. Right. We found one by calling high season spots for any last minute cancellations, and found one at a huge discount. So, get the book. It's so lovely I'm not passing it on to a friend, but buying her another one.

Great tips on planning a wedding. Useful resources and websites also. Easy read and great list of items to remember when the event has arrived.
