Customer Reviews

nice photos but that is all. I was hoping for a book with some advice - information on tricks to get babies to cooperate, ideas of props to get, how to get better lighting, etc. It was just pictures. More like a pinterest board than a book

Nice photos but no clue as to how to get there. Not really worth the time or cost. It would be helpful if directions were provided on how to wrap or position.

This is basically the same exact book as a book by A. Anity Newborn Photography Tips and Ideas: The New Parent's Guide to Posing ,Shooting Prop Tips & Tricks Made Easy for Best Photo Your Baby Kids Children. Just pictures that can be found on the internet. Not a how to book. Looking at it was a waste of 5 minutes. Good thing I got it when it was free.
