Map Pack - Sudan & Eritrea

Synopsis

Sudan Travel Reference Map 3rd Ed. 2009 1:2,500,000 scale - This latest edition comes out at a time when a good map of the largest country in Africa needs a good map the most. Sudan is not a country with an improving infrastructure, nor is it one of the safest countries for travellers. However, its position in Africa makes it pivotal to the politics and ethnicity of much of northeastern Africa, and its importance can be gauged by the fact that this ITMB title is already into its third edition. It is one of the most difficult countries in the world to map, simply because so much of it is difficult to enter. We wish to dedicate this map to those brave souls who continue to provide food and medical support for all the peoples of Sudan - the humanitarians, whose contributions have made this map possible. Map size: 27"X39" Eritrea Travel Reference Map 1:900,000 scale 2nd Edition. Eritrea is one of the few nations to be born in actual conflict in Africa. Its mountainous terrain and interesting and friendly people make a visit worthwhile; inset map of Asmara. Map size: 27"X39" All two maps, a value at \$27 are being offered as a package for the bargain price of \$5.95. This offer is available to individuals, libraries, and retailers and distributors. Regrettably, due to the deep discounts inherent in such an offer, this Map Pack is not returnable.
