Pearson EText -- Access Card
Package (6th Edition)**

Synopsis

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. With 14 streamlined chapters covering the essential A&P topics, this mid-sized book is the perfect fit for a one-semester course in medical terminology. It also serves as a useful reference for practicing professionals. This package includes MyMedicalTerminologyLab. Build a strong foundation of medical terminology, step by step Medical Terminology: A Living Language uses a carefully constructed learning system to help readers gain a successful grasp of medical language within a real-world context. Its step-by-step approach introduces the anatomy and physiology of body systems and their corresponding medical terms, as well as the rules of using word parts to form medical terms. New exercises and tips give readers the hands-on practice they need to achieve mastery. Rather than simply memorizing terms, students will gain the understanding to work with all terminology, regardless of its etymology or origins, so they can interpret unfamiliar terms they will encounter in the future. Personalize Learning with MyMedicalTerminologyLab. MyMedicalTerminologyLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. No matter their learning style, students will build a solid foundation of medical language through MyMedicalTerminologyLab's interactive games, Dynamic Study Modules, and narrated lectures. 0134073525 / 9780134073521 Medical Terminology: A Living Language Plus MyMedicalTerminologyLab with Pearson eText -- Access Card Package, 6/e Package consists of: 0134070259 / 9780134070254 Medical Terminology, 6/e 0134073169 / 9780134073163 MyMedicalTerminologyLab with Pearson eText -- Access Card - Medical Terminology, 6/e

Customer Reviews

Bonnie F. Fremgen is a former associate dean of the Allied Health Program at Robert Morris College. She has taught medical law and ethics courses as well as clinical and administrative topics. In addition, she has served as an advisor for students' career planning. She has broad interests and experiences in the health care field, including hospitals, nursing homes, and physicians' offices. Dr. Fremgen holds a nursing degree as well as a master's in health care administration. She received her PhD from the College of Education at the University of Illinois. She has performed postdoctoral studies in Medical Law at Loyola University Law School in Chicago. She has authored five textbooks with Pearson.

Suzanne S. Frucht is an Associate Professor Emeritus of Anatomy and Physiology at Northwest Missouri State University (NWMSU). She holds baccalaureate degrees in biological sciences and physical therapy from Indiana University, an MS in biological sciences at NWMSU, and a PhD in molecular biology and biochemistry from the University of Missouri-Kansas City. For 14 years she worked full-time as a physical therapist in various health care settings, including acute care hospitals, extended care facilities, and home health. Based on her educational and clinical experience she was invited to teach medical terminology part-time in 1988 and became a full-time faculty member three years later as she discovered her love for the challenge of teaching. She taught a variety of courses including medical terminology, human anatomy, human physiology, and animal anatomy and physiology. She received the Governor's Award for Excellence in Teaching in 2003. After retiring from teaching in 2008, she continues to be active in student learning through teaching medical terminology as an online course and writing medical terminology texts and anatomy and physiology laboratory manuals.

My daughter uses this book for her class, glad I could find it on .

Arrived late but overall very happy with the book !

This is a great set up from chapter to chapter (learn as you go problems)

I bought my access code and e-text at the college bookstore... everything went downhill from there. The online "service" for this book is unimaginably horrible. I just hope I can pass the class because I am required to actually use this "service" on a daily basis. We're talking if I print anything they watermark the printed pages, along with adding my IP address at the bottom! The website itself? Clunky and hard to use. You have to disable pop up blockers and anything else in place to protect your computer just so the website will function half way decently. Unless you absolutely need this class avoid this mess at all costs!
