Oahu Travel Guide: Experience Only The Best Places To Stay, Eat, Drink, Hike, Bike, Beach, Surf, Snorkel, And Discover In Oahu Hawaii (Things To Do In Oahu)

Synopsis

If you're ready to explore the island of Oahu, skipping the tourist traps and hitting only the best of what this beautiful location has to offer, then this book is for you! Read on your PC, Mac, smart phone, tablet, or Kindle device. Legend has it that the islands were collectively named after the Polynesian navigator who discovered them, Hawai'i Māloa. The other islands were named after each of his sons, and one of them was Oahu. Roughly diamond-shaped and divided by a chain of mountains, Oahu was formed by two shield volcanoes. This means that the lava they formed is mostly fluid, allowing it to spill below and form the main valley in the middle, and the two narrower ones facing the sea on either side. Fascinating, isn't it? The same can be said about Oahu and all it has to offer. There's Waikiki, which contains some of the most expensive real estate in the world; there's Pearl Harbor, though thank goodness the Japanese are no longer belligerent; there's spectacular scenery; and of course, there's the beaches and all the bare bodies to ogle (though some would be better off covered, admittedly). Tourism is the island's main industry, so whether its nature you're after, city life with its clubs and shops, or something to do with culture, Oahu has it and more. Here Is A Preview Of What You'll Learn... Planning an Unforgettable Oahu Getaway Choosing the Right Place to Stay Where to Eat and Drink Best Places to Hike, and Best Places to Bike Top Five Beaches for Surfing, Swimming, and Snorkeling Exploring the Local History Much, much more! The Ins and Outs Of Oahu. The nice thing is this is not written by some travel agency trying to sell you sites that they get a kick back. The author, native Hawaiian, Oscar Kahekalau seems to have written this book with me in mind. Oahu is beautiful and very interesting but expensive. He gives you the times to go and the times to NOT to go unless you are Donald Trump. He identifies the island's holidays which can break your budget. And most of all when to go to get maximum fun for the least investment. You learn the tips and tricks to save you money and exactly where to eat to get the island's great food on a budget. How to find the best beaches and how to discover the Oahu history with it's parks and museums is covered. As the saying goes you don't want to leave home without this book and oh yes, bring your American Express card. A very useful and interesting book.

This "book" is a total of 45 pages of which I counted 10 are blank separators.. The typical page is about 4 very brief paragraphs of 1 or 2 sentences each. So, that is the sum of the detail it provides on each location/interest point. Truly, this is no more than a pamphlet with no photos, no great insights. We live in California and have been to Oahu probably a dozen times. We were looking for stuff that the common guidebooks might not provide. With such a tiny amount of content, this booklet does little to nothing in this regard or for any other purpose.

As I read through the guide book, it became apparent that a person who goes to Hawaii to just stay in the hotel is missing out on all the island has to offer in the ways of unique experiences. Oahu Travel Guide by Oscar Kahekalau first gives great context, explaining the history of Hawaii, Oahu in particular. Unlike some of the other guides, this one has tons of great photos, so it is fun to flip through in addition to reading. Once you've learned the history, you might be tempted to go visit one of the sites mentioned in the book, now understanding its importance. This is the perfect book to build even more excitement for your trip. It has both touristy suggestions that will give you something to share with your friends and less obvious ones that your friends will be jealous of. At this outstanding price, you would be well advised to add this to your cart. Even if you already have a few guides, this one will make a fine addition to your stack.

A friend told me that Oahu is a wonderful place to visit. Me and my wife decided to visit the place this coming January. Because I am very excited with the adventure, I decided to download this book. This is a good reference when you are planning to travel to Hawaii specifically in Oahu. You will know the right place to stay, where delicious food and drinks are located, the best places to hike, ride a bike and the top five beaches to surf, swim and snorkel. And it is also nice to know the local history of the place. This guide is really helpful!

I like to travel the world. It is my passion. I want to see different worlds and their cultures. I immediately searched the net for help. When I found this, I didn't waste a second and immediately read it. I was surprised how beautiful it is. This book helped me get familiar with everything about Oahu. The book has something to please every traveller, includes top five beaches for surfing, swimming, snorkelling, best places to bike and much more. The book also gives us insight into the culture of the area, with recommendations for relevant books, films, music, and more.

Oahu is one of the places I really want to visit with my family. I like beaches and I know Oahu has a beautiful beach there. Before planning our vacation I'd like to be familiar with the place first so I grabbed this book to be my guide. I'm so glad that this book gave me a lot of information with the place. I can picture out Oahu with this book and we're very excited to go there. Thanks to the author for giving this information, it really helps. I recommend this.

I was impressed by this travel book! This book I am finding very helpful since we are traveling to Oahu for our wedding with family and friends that has never been before. It is giving my great ideas for when the time comes to create an activity list for our guests or they can do fun things in their own. This is really worth purchasing!

This is really nice book i like this book and enjoy this book very much This book is informative and provide a great guide. This book is so easy to learn and everyone can learn this book. Writting of writer is excellent. This book you can learn that Planing an unforgettable oahu getaway, Choosing the right place to sty, Best places to Hike and best place to bike, Top five beaches for surfing, swimming, and snorkeling.
