The Perfect Mix: Everything I Know About Leadership I Learned As A Bartender

Synopsis

In the tradition of the popular business classics *Leadership Is an Art* and *What They Don't Teach You at Harvard Business School*, Dr. Helen Rothberg, a sought-after consultant to CEOs and entrepreneurs, reveals memorable insights about leadership developed while she worked as a bartender and restaurant manager. Good managers and good leaders are not always the same. Dr. Helen Rothberg trains leaders, from Fortune 500 executives to startup entrepreneurs, with her particular brand of **ADVICE**—Action, Determination, Vision, Integrity, Communication, Empathy. Based on the management and life lessons she learned from working as a bartender while getting graduate business and behavioral science degrees, each aspect of **ADVICE** helps leaders hone their vision—of themselves and their business. You will explore who you are and who you need to become, analyze what has worked in the past and what might work better in the future, and realize ways to continually adapt—with courage and grace—to the unpredictable, uncertain business environment. Through the book's colorful stories of barroom brawls and boardroom bravado, competition and cooperation, conflict and other challenges, you'll conceive of new ways to develop working relationships with colleagues and customers; keep things running smoothly; and manage infuriating, delightful, and sometimes dangerous clients as well as temperamental and talented employees, and owners or bosses with brilliant ideas who may not communicate well. Leading an organization is knowing when to stir or shake things up, blend or serve neat, and Dr. Rothberg finishes each chapter with the recipe for a creative cocktail that embodies a lesson, to mix perfectly, contemplate, and savor.

Customer Reviews

“Helen Rothberg’s new book, *The Perfect Mix*, is just that. A perfect mix of great insight rooted in real business experiences, along with interesting and revealing perspective from her days as a bartender. As Rothberg says, “sometimes you stir, sometimes you shake, sometimes you blend.” In the end, *The Perfect Mix* provides great insight on how to be a fearless, thoughtful, compassionate leader in today’s challenging business world.” (Terry D. Peigh, Author and Global Marketing Executive) “Dr. Rothberg doesn’t dilute the ingredients for leadership success in this fun and practical guide to bringing out the best in people. Even a teetotaler will find useful tips for bellying up to the leadership bar.” (Lois P. Frankel, Ph.D., author of *See Jane Lead and Nice Girls Don’t Get the Corner Office*) “Delicious and brilliant! Dr. Rothberg serves up the ideal blend of wisdom, practical application, and stories to help us understand how to be more effective and impactful leaders. A worthwhile and enjoyable read.” (Keryl Pesce, Author and Happiness Expert) “From a great bartender to a great teacher and coach, Dr. Rothberg embodies everything which is great in leaders. Executives and students alike would do well to listen to her ADVICE.” (Benjamin Gilad, author of *Business War Games*, President, Academy of Competitive Intelligence) “Dr. Rothberg uses her amazing intellect and experience to make leadership simple and actionable. This book is different—and it will make a difference.” (David Bell, chairman emeritus of the Interpublic Group) “A heady mixture of practical career advice and a vivid autobiography garnished with wit. The useful leadership lessons stick with you—they are as finely observed as they are on target.” (Leslie Yellen, Director of Inclusion Americas, Hogan Lovells) “Rothberg’s tales of bartending in New York City—spilled drinks, bar fights, bloody heads and all—are fun, illuminating paths into typical leadership clichés.” (NPR.org)

Helen Rothberg, PhD, bartended in New York City throughout her academic career. She has consulted with Fortune 500 companies, small technology start-ups, and nonprofit organizations. She speaks regularly on bartending and leadership at associations, alumni, and student gatherings. Dr. Rothberg is dual degreed in business and behavioral science, and is professor of strategy at the School of Management at Marist College, senior faculty at the Academy of Competitive Intelligence, and president of consulting firm HNR Associates. She lives in Orange County, NY, with her

husband, dog, and several part-time goats. She still makes a mean cocktail. ☺ ☺

The title captures it nicely--although I might modify it slightly to call the book a "highly satisfying mix." Rothberg blends the skills of memoirist, analyst, lecturer, and short story writer. She is an accomplished stylist, and the reader meets a person who not only informs but also challenges, amuses, and confirms--who is both gritty and sensitive. Not surprisingly, the organization is thoughtful and propulsive. A reading for organizational leaders, teachers, students (of all sorts), and, of course, those who appreciate a distinctive cocktail.

Professor Rothberg's **THE PERFECT MIX** should be required reading for those who are or will be in any management position. As Dr. Rothberg emphasized, management does not always demonstrate what true leadership should be; rather, good leadership involves intelligence, understanding of human emotions and practical actions that will further the company's goals and objectives. What Professor Rothberg offers us is a package of effective leadership experiences and skills, wrapped in real-life stories, not just from corporate executives but from the person who serves your drinks, food and their opinions. Regardless of your managerial position in life, you need to listen to others who may profit from your wisdom. Whether you are the CEO of a large corporation or a waiter serving food at the local bar and grill, Professor Rothberg's **THE PERFECT MIX** is a readable and an excellent way to learn some effective ways to understand your own position and responsibilities in the world of management.

There are many books (particularly on leadership) that give **ADVICE**. Rothberg does this in a way, like no other. From using examples from her bartending experience, her corporate experience and her wonderful recipes, Rothberg takes us on a journey that allows us to relate to experiences that we may encounter on our journey to being an authentic leader. There is a great twist though, literally! Each chapter has a great recipe with a breakdown of ingredients (as it relates to leadership). Brilliantly written and thought out.

This is a lightly humored book that has lovely teaching gems embedded within, especially from the bar. I recommend this book to new managers.

The Perfect Mix is a readable and instructive blend of memoir and manual. It offers insights into the necessary tools for survival in the world- tools we all can use. Professor Rothberg uses her

significant experience behind the bar and in the classroom to impart her knowledge in this highly entertaining book.
