Synopsis

For more than 20 years, Vincent Peters has been among the best photographers internationally. The artist, a native of Bremen, Germany, lives in Paris and Ibiza and sees the world as his playground. His unmistakable signature style—sensitive, classic photos—is in equally high demand for celebrity, fashion, and advertising photography. With minimal resources, he is able to create dramatic images that look like stills from an imaginary movie. Every picture makes you wonder what will happen next. His first photo book, *The Light Between Us*, was published in 2014 and showed his best shots of actors, models, and musicians. Now he dedicates himself to his favorite subject in Personal: women. Once again, we encounter stars as they have never been seen before; Penelope Cruz, Linda Evangelista and Irina Shayk are only some of the prominent ladies featured. Vincent Peters hand-selected the pictures for this book, most of which have never been published before. Along with his portraits, there are also nudes that highlight his masterful use of light to create sensuous photographs. This enables him to create mysterious images that celebrate feminine beauty and draw us inexorably under their spell.

Customer Reviews

Great for drawing from for my art.

Beautiful photographs. Excellent book.

This is a master piece of Vincent....I love your work...

Mostly outstanding photos all taken with a Mamiya RZ film camera with a 110-mm lens. A large format book with all photos on one page. A high quality hardcover book.

Personal by Vincent Peters is a phenomenal book that you must have as a photographer, book collector or an enthusiast of beauty. Per the photographer's own words, every image contained within was photographed with film and it truly matters because the quality is outstanding and simply incomparable to digital. I got an amazing deal on this book on eBay. However, now that I know what's inside, I would splurge and pay a higher price here or elsewhere.

These photographs are really excellent. Vincent Peters has captured the essence of his subjects. This is a worthwhile addition to any sophisticated library.

So sexy boobs.
