This is one of the best official coloring books from TV, movies, or video games I have got so far! It's obvious that they put some work duplicating from the original concept arts. The paper thickness is

medium but great for color pencils. It's not single sided design so I don't recommend using markers or water color. But as an Assassin's Creed gamer, this is a must for you. And it will be a great gift for male friends!! I'll post more colored pages once I finish them!

Great for the AC fan.

I bought this for my sons girlfriend. She loves it so much she photo copies the pictures so she can have it all the time and not mess up the pages.

It was given as gift and was appreciated. Looked like a fun book to color especially for someone really into the games. Quality was quite good.

This is my new favorite coloring book. Great images of every Assassin they have made a game about, or DLC.

Love it

I'm very proud to own this. Thank you .

Great pictures. Will be lots of fun.
